SILICO SASKA 1972

DEDICATION

Many times we don't realize how much someone does for us until they retire, and aren't around to do it anymore. Such is the case with Mrs. Ruby Rossing.

As secretary at Entiat High School for 16 years, her reassuring smile has been a comfort to many a timid freshman. Her genuine interest in the welfare of our school and all the students in it, has been displayed to us many times by her work in F.H.A., her support of our teams, and her willingness to help on any project.

We would like to thank you for your helpfulness, personal interest, and special understanding by dedicating this 1972 Silco Saska to you, Mrs. Ruby Rossing.

We, the annual staff, sincerely hope that we have caught some of your greatest memories in this year's annual. We have worked hard and we hope that as the years go by you can look back and remember the good old days at Entiat High School.

This year's Homecoming events contained some new and traditional ideas. A big success was the new Class Day, in which each class chose their theme and dressed accordingly. Such themes as hicks, teeny boppers, cowboys and indians and hippies were represented. Even the faculty were in on the fun when they all came in their hunting outfits.

Friday the students all wore black and paid their last respects to the Soap Lake dummy. There was much excitement that evening when the Tigers took on the Eagles. The hi-lite of the evening was the halftime activities when Miss Linda Johnson was crowned Homecoming Queen for 1971.

TIGERS

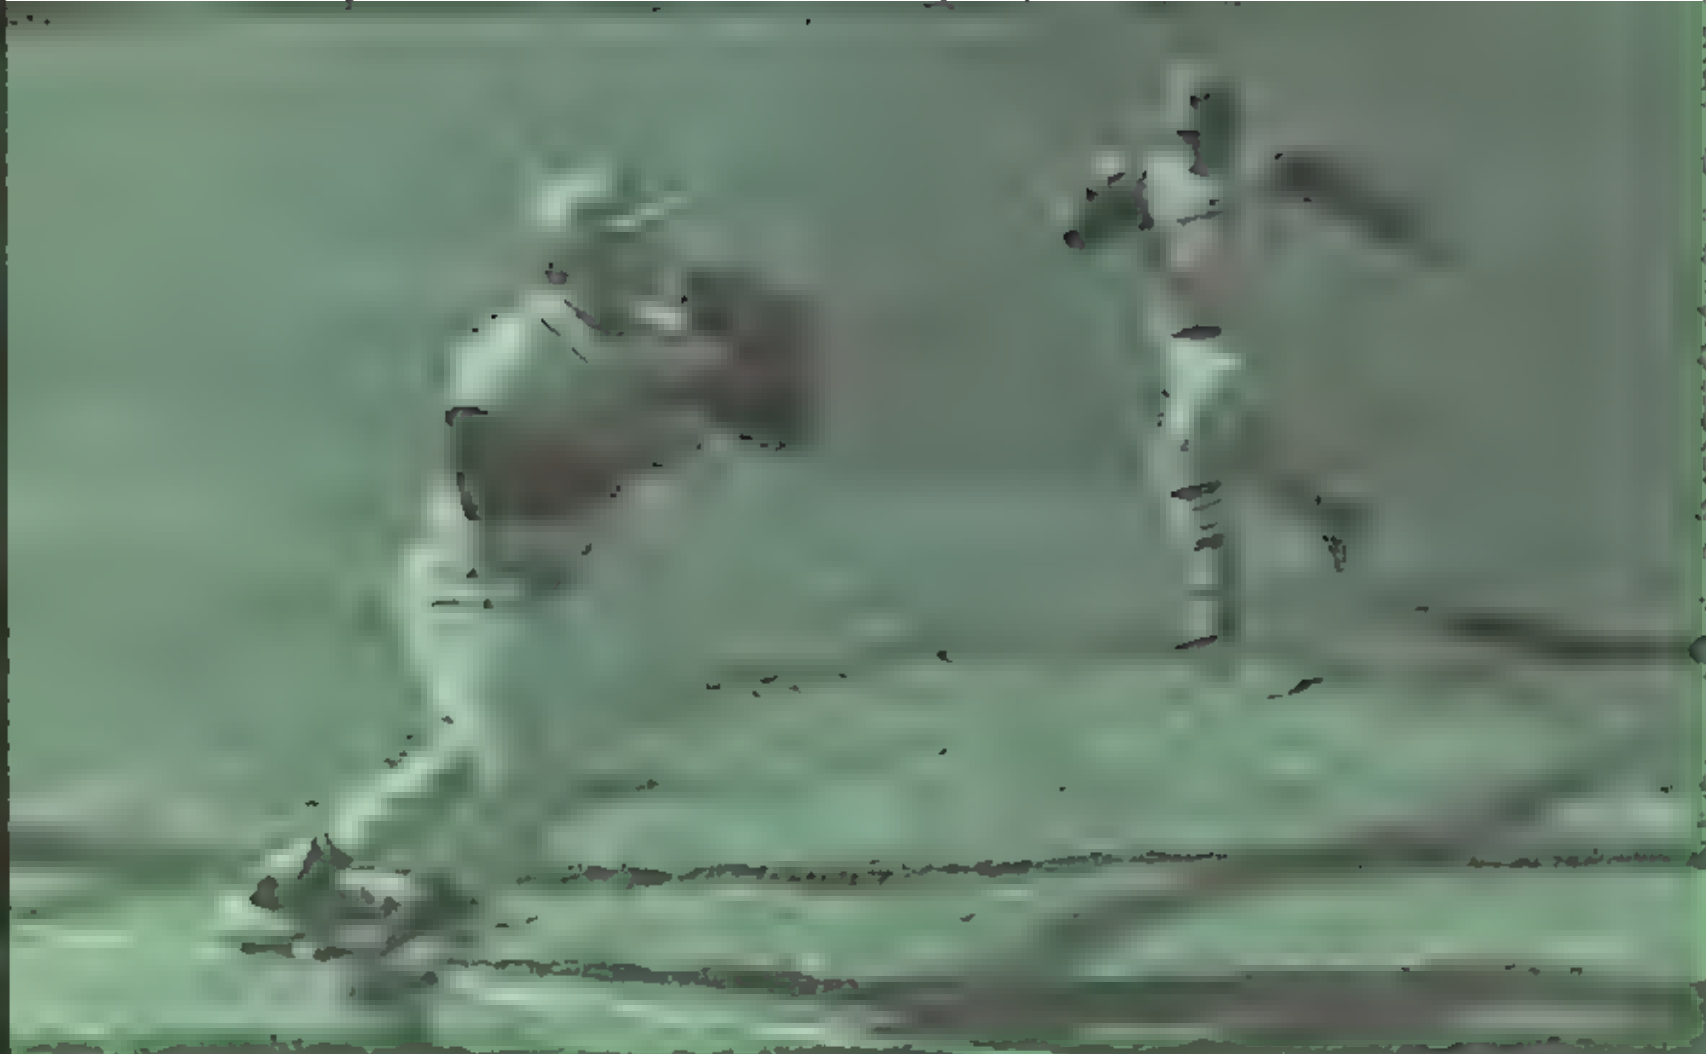

#1

(again!)

For the third consecutive year coach Filcher's small, but aggressive Track team won the Chelan-Douglas League Track Championship. Led by first place finishers Mike Honey (100 & 220 yd. dashes), Doug Schwinkendorf (shot & discus), Glenn Frisk (high hurdles) and Jerry Frisk (880, mile & two-mile runs), the Tigers far out-pointed their opponents to win the meet.

Mike Honey (right) ran the 100 yd. dash, 180 low hurdles, 220 yd. dash, and the mile relay. Mike tied the school record of 10.1 seconds in the 100 yd. dash.

一

The first of these is the
 fact that the population
 of the world is increasing
 at a rapid rate. This is
 due to a number of factors,
 including improved medical
 care, increased food supply,
 and a general increase in
 living standards. The result
 is that the world is becoming
 more crowded, and this has
 led to a number of problems,
 including environmental
 degradation, resource scarcity,
 and social unrest. These
 problems are likely to become
 even more acute as the
 world's population continues
 to grow.

I have not heard of you for some time
I hope you are well and happy.
I have been very busy lately and
have not had time to write to you.
I am well and hope you are the same.
